Acc name: National Business Challenge

THE NATIONAL BUSINESS CHALLENGE RELAY OFFERS YOU A NATIONAL SPORTING CHANCE

By entering a team in one or more events, you will not only be promoting health and physical fitness, but a sense of pride and achievement in your organisation.

The Business Challenge Relay provides a relaxing and social environment in which organisations can compete outside the strenuous business environment through multiple entries in the event. The event are open to full-time employees of corporations, government departments, private companies or any other employment organisation where people work together. Each company may enter an unlimited number of teams and everyone is encouraged to participate.

Teamwork has become the central focus in all successful business environments. Without the commitment to achieve a mutual goal and objective, even the most dynamic of environments will stagnate. This event is organised to promote company involvement and teamwork in the best spirit of competition. All participants are encouraged to wear their company t-shirt and rally non-competing co-workers to the race site to cheer their team to victory.
